

Aroma Collection

18 Steps to Beauty...

Funny and sad, serious and frivolous, defenseless and omnipotent. And always beautiful in her own way, as a piece of art that depicts Life itself. It is this woman who we created our new cosmetic line Aroma Collection for.

The philosophy of the brand lies in the harmony of beauty, health and nature, which are skillfully disclosed in every composition of this romantic collection. This is exceptionally splendid cosmetics with a fine texture, and a rich variety of ingredients that convey all bright feelings and emotions sung in love ghazals. Benefits of Aroma Collection lie in the unity of quality and quantity, as the 18 products of the line will meet all your needs. Aroma Collection has set itself the task of creating something unique of its kind: the creation of individual collection which will be original ornament for your dressing table. Specifically designed package by London-based artist creates unique and sophisticated appearance of the product, which is a synthesis of modern scientific achievements and fine Oriental

philosophy, and therefore, answers to your most secret desires and gives joy to your soul.

An important quality factor of Aroma Collection is natural basis of cosmetics - exclusive complexes, plant extracts and essential oils.

The variety of components used in the collection was made up of rich climatic diversity of our country (there are 9 climatic zones of the 11 known in the territory of Azerbaijan). Such active ingredients as extracts of purple reyhan (basil), pumpkin, white mulberries, pomegranate, etc. can be mentioned as an example to those components.

As noted above, Arome Collection includes 18 products, with the power of the brand in the integrated use of its all components for body care, face and hair.
